Bostik

LORD

202 and Accelerator #4

- Fast curing adhesive system combination that quickly bonds prepared or unprepared metals and plastics
- **Environmentally Resistant:** resists dilute acids, alkalis, solvents, greases, oils, moisture, indirect UV exposure, **salt spray and weathering**
- Replaces welding, brazing, riveting and other mechanical fastening methods
- Self-leveling - flows into hard-to-reach places and is excellent for bonding irregular shapes.

\$37.75 50 ml **\$20.50** 4 oz

Chem-Set™

6105 and 6110

Polyolefin Elastomer Adhesives

- Products meet the criteria for assembling polyolefins or low energy plastics with no primer or pre-surface treatments called **Starboard**
- Replaces screws, rivets and plastic welding
- Allows for greater flexibility
- 1:1 two-part adhesives

\$31.63 50 ml

Structural Adhesives

Permabond®

Permabond®

POP Polyolefin Primer
4 oz. or Gallon

- Primer developed for surface treatment of polyolefins, PTFE and silicones prior to bonding with Permabond® cyanoacrylate adhesives.
- Polyolefin primer create a durable bond stronger than the substrate material.

\$25.35 4 oz. **\$98.50** 1 GAL

Chem-Set™

797 Cyanoacrylate
Marine Adhesives

- Slower setting time to align parts accurately
- Superior peel and impact resistance
- Bonds steel, aluminium, galvanized steel, plastics and elastomers

\$115.79 1 lb.

Chem-Set™

Bottle Kit 620101B

- 10 one ounce bottles
- Dispenses small quantities of material
- Saves shelf life of materials
- Includes tips and luer lock caps

\$14.88

Marine Products

General Purpose Boat Building Repair

ITW PLEXUS

MA530

Marine Adhesive

- Two-part methacrylate adhesive for **Structural Bonding** of thermoplastic, metal, and composite assemblies
- **1:1 ratio**

\$26.00 400 ml

MP5530

Marine Adhesive

- Two part methacrylate general purpose adhesive for plastics, metals and composites
- Excellent impact and resistance

\$12.81 50 ml

Bostik

920, 920FS and 940FS

Marine Adhesives

- High performance marine sealants
- Bonds glass, polycarbonate, stainless steel and aluminum
- Apply above or below water line

\$9.66 1/10th GAL

SG100
Marine Adhesive

- Two component **10:1 ratio** for bonding thermoplastics, metals and composites
- UV resistant
- Minimal surface preparation
- Non sag

CALL 490 ml

Sikaflex 291 Fast Cure
Marine Adhesives

- Used by boat builders due to it's fast cure time.
- Use above and below water line. Resists saltwater. Adhesion to gelcoat, fiberglass metal and wood.
- NSF approved for potable water.
- USDA approved for incidental food contact.

Pool or Marine

Chem-Set™ **3M**

High Bond Tape Double Sided

VST 6120—
White Tape
.5" x .045" x 36YD

- For interior and exterior applications, UV, water, and wind resistance
- High Tensile Strength
- Surfaces need to be clean and dry
- 72 hours to achieve maximum bond

\$26.95 @ 1-17 rolls
\$24.88 @ 18+ rolls

Chem-Set™ **Blue Painters Tape**

P621

- High performance tape
- Prevents dry out and keep its holding power.
- Ideal for painted walls, trim, glass, woodwork and metal.
- Sizes—.75", 1", 1.5" and 2"

\$1.62 PR ROLL

Chem-Set™

P217

Economy Grade Cream Masking Tape

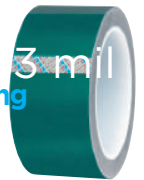

- Coated with natural rubber adhesive.
- Good temperature resistance and holding properties
- Thickness 4.9 MIL

\$2.00 PR ROLL

50600 Powder-Coating Masking tape

- Easy to apply
- Green, masking tape for powder coating
- Features a polyester backing with a silicone adhesive
- High temperature resistance: up to 220°C/428°F (30min.)
