

Strong
Easy to Remove
No Residue

NEW INNOVATION

UNIVERSAL MAGNET

Removable and Reusable

Steel

(also can be used as a conventional magnet on steel)

Aluminum

Plastic

Glass

Non Ferrous Surfaces

(Remove the film on the back of the magnet)

UNIVERSAL MAGNET KEY ADVANTAGES:

Replace vinyl magnets • Adhere almost anywhere

- Aluminum cars, trucks, plastic and composite cars
- Stainless steel refrigerators
- Glass windows
- Painted walls

If your magnet gets dirty clean with dish soap and water

The Universal Magnet is not made with a pressure sensitive adhesive. It can be printed and die cut just like a conventional vinyl magnet.
