REMOVE DEBONDER

Description:

REMOVE DEBONDER is a very versatile adhesive remover. This material will remove adhesive from work stations, can be used on a wide range of surfaces, and can be used as a flushing solvent for dispensing systems. It is recommended that before use on a finished party, try the **REMOVE DEBONDER** on a small area to make sure that the surface is compatible. **REMOVE DEBONDER** is a single component, solvent based material. It is flammable and the normal precautions used in handling flammable materials should be followed.

Physical Properties:

COLOR:	Clear/Amber
VISCOSITY:	5 cps
FLASH POINT:	96 °F
BOILING POINT:	101°F
ODOR:	Mild odor

DIRECTIONS FOR USE

REMOVE DEBONDER can be applied directly to the area that needs to be cleaned. Let the material stay on the surface for approximately 45 seconds and then wipe away with a towel and discard. In cases where a large area of adhesive residue is present, several applications may be required. After use wash hands with warm water and soap.
