
Turf-Set[™] 718

SOLVENT-BASED MOISTURE CURE ADHESIVE

TYPICAL PROPERTIES:

Brookfield DV-E #7/10RPM/25°C	:	25,000 – 50,000 cps
Brookfield DV-E #7/100RPM/25°C	:	5,000 – 12,000 cps
Solids (by weight)	:	58.0 – 62.0%
Weight/Gallon	:	7.5 – 8.0 pounds

STORAGE AND HANDLING:

Store in a cool place, away from heat, sparks and open flame. Keep covered when not in use. Anticipated shelf life is six months to one year from the date of manufacture if unopened. Once exposed to the air, the material must be used completely or the container must be blanketed with inert gas such as nitrogen or argon before reclosing to prevent surface skinning and eventual curing of the adhesive.

DIRECTIONS FOR USE:

Precautions must be taken. Avoid skin contact and breathing of vapors. Provisions should be made for ventilation to keep vapor concentration below ACGIH threshold limit values. See Safety Data Sheet for more information. Harmful or fatal if swallowed.
