

Designers and Manufacturers of Heat Tools for Industry

MASTER PORTAPRO™ GLUE GUN MODEL GG-100K & MODEL GG-100

A cordless, butane powered hotmelt glue gun

- Completely portable, lets you work almost anywhere
- Power and durability to get the job done in industrial applications
- Runs continuously for up to 140 minutes on butane gas, easily refilled in 20 seconds
- Fast, easy start up with push button piezo ignition
- Operates up to 392° F.
- Reaches working temperature in just 3 to 4 minutes
- Fast, even adhesive flow with standard 1/2" (12 mm) diameter glue sticks
- 200 Watt heater delivers up to 1.9 lbs. of glue per hour
- Safety lock on fuel flow control wheel prevents unintentional gas flow
- Ergonomically designed for ease of use
- Instant glue flow cut-off reduces dripping
- Built-in folding stand and fuel level window
- Four interchangeable brass application nozzles available
- Optional glue sticks available for special applications
- Fuel not included
- Patented: USA, Taiwan, Germany, Japan & China

Kit includes: Standard General Purpose Tip, Pinpoint Extension Tip, Diagonal Cut Extension Tip, Spreader Extension Tip, eight 6" long general purpose glue sticks and instruction manual packed in a rugged storage case.

Boxed includes: GG-100 Glue Gun with standard general use nozzle and 4 general purpose 1/2" x 6" glue sticks.

Powered by Master Ultratane butane

Cordless operation gives you the freedom to take the glue gun to the jobsite.

Well-suited to production applications with continuous use operating times of up to 140 min.

APPLICATIONS

- Bonding corrugated materials, chipboard and wood
- Fastening plastics and light metals
- Fastening textiles and shock absorbent packaging
- Resealing products during packaging
- Fastening capacitors, resistors and soldered parts
- Electrical potting and staking parts on PC boards
- Fastening jumper wires
- Gluing down carpeting

SPECIFICATIONS

Size:	8.4" (L) x 2.1" (W) x 8.0" (H)
Weight:	14.8 oz. w/o gas
Operating Temp:	Approx. 392°F
Ramp Up Time:	3-4 minutes
Glue Melt Rate:	1.9 lbs. per hour
Ave. Run Time:	Approx. 140 minutes (full tank)
Recommended Fuel:	Master Ultratane Butane
Fuel Capacity:	20 ml.

ORDERING INFORMATION

MODEL	DESCRIPTION
GG-100	PORTAPRO™ Glue Gun
GG-100K	PORTAPRO™ Glue Gun Kit

MASTER ULTRATANE™ BUTANE

ITEM NO.	DESCRIPTION
51773	Master Ultratane butane, 5 1/8 oz., (145 gram) canister
10448	Master Ultratane butane, 15/16 oz., (26 gram) canister

For the best performance use Master Ultratane butane. Triple refined "non-clogging" formula prevents clogging of internal filters. Special vapor pressure for consistent self ignition. Contains no CFC's (chlorofluorocarbons). Comes with a convenient single piece universal filling tip. Approved for use with all Master butane powered heat tools.

MSDS sheet available upon request.

Users should independently evaluate the suitability of the product for their application.
