

Gem ELECTRIC ORBITAL SANDER

FEATURING 11" DRIVE PAD

Reduces labor by 1/2 or more!

This heavy duty machine runs at 1700 "orbits" per minute without the possibility of creating the swirl marks associated with high-speed rotary buffers. Smooth, hand-polish action safeguards against surface damage. GEM's counter weight system is well balanced and smooth running, so you can guide the sander over the surface and let the 18 lbs. of weight do the work for you.

The latest innovation for the solid surface and woodworking industries.

GEM's orbital action sands, polishes and finishes with a motion like that of the human hand! Sands equally well and uniformly on solid surface and wood products.

The GEM Orbital comes with a Hookit fastening system for use with Micron Paper, Trizact™ and Finishing Pads.

BEST QUALITY – AFFORDABLY PRICED!

SPECIFICATIONS

Weight18 lbs.
 Overall height10 in.
 Amps2.3@110v, 1.2@220v
 RPM1,700@110v
 Motor110v/220v
 Housingheavy-duty aluminum

FEATURES

- Heavy-duty ball bearing capacitor motor
- No gears to grind or strip out
- No armature winding to burn out
- No carbon brushes to burn out
- Exclusive removable shaft system
- Sands, polishes and finishes
